## TISSINO

### Tissino and the art of fine bathrooms

Recognised as a global style icon and responsible for some of the greatest design achievements in the world, La Collezione is inspired by our passion for Italian design and flair.

At Tissino, our attention to detail is matched only by our passion for the creative process. Taking inspiration from the Italian love of water and bathing, our team of designers have created a stunning range of pieces to enhance any bathroom.

From classic sculptural, to iconic statement pieces, our commitment and enthusiasm for craft and finish is evident in every single product we create.

Underlining our passion for design and product innovation

Achieving the highest possible standards in product testing and finish

Our commitment to manufacturing quality and performance

1

**Bianca Series**

A range of stylish sanitaryware designed to reinforce the ethos that less is more.

Range includes:	
Close coupled WC	3
Washbasin	3

2

## Quality and performance with a passion for design and Italian flair

At Tissino, we design and manufacture only the finest quality products, this is how we have the confidence and total commitment to our product guarantees.

All Tissino sanitaryware, brassware and showering products are rigorously tested and built to last.

Our testing goes above and beyond all industry standards. It is this dedication to quality and perfection that sets our Tissino collection apart.

Every Tissino product that carries our 'quality mark' is backed by our famous Tissino guarantee.

**The Angelo Series offers many exciting and practical solutions to bathroom storage.**

A collection of beautifully sculpted sanitaryware that effortlessly combines with a range of high quality bathroom furniture.

Wall-hung and freestanding basin units with a variety of washbasin options, wall cupboards, over-basin mirror cabinets, and 5 different WC pans make Angelo a uniquely complete range.

**The Armano Series is a unique system which allows you to create a wide range of walk-in shower enclosures in a huge range of sizes.**

High quality components can be selected to suit any situation whether you are having a wet floor or tray installation, or whether the enclosure is going in a corner, or the middle of a wall.

All Armano Series panels are 8mm toughened glass and benefit from our Brillo Vetro coating as standard.

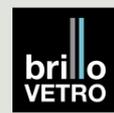

Brillo Vetro water repellent coating that will ensure the enclosure or wet room you create will look stunning for years to come, a full explanation of this process can be found on page 58.

The ultimate showering experience, the Armano Series comprises a range of accessories you can combine to create your own walk-in enclosure.

Optimise your space with a luxury enclosure that's tailored exactly to your requirements. Sturdy fixings and 8mm glass make this stunning range ideal for any setting.

The Armano Series can be mounted on to a tray or fixed straight on to the floor when used in conjunction with a wet room kit.

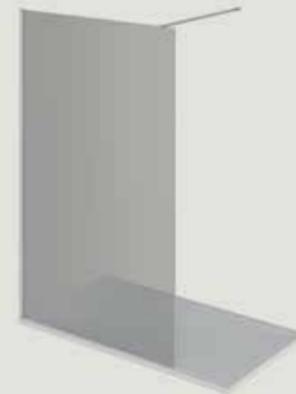

**Lifetime Guarantee**  
All Armano Series shower enclosures come with our 10 year Tissino guarantee, as standard.

Register your purchase online, and we will turn this into a lifetime guarantee, completely free of charge.

For more details, simply scan the QR code or log on to our website.

**Price** £248.00

When creating the perfect bathroom, it is important that the furniture will fit your unique space and, when selecting towel rails, perform effectively.

This section contains technical information on our range of products, we have also included a simple heat output calculator, to help you work out the most efficient Hugo2 towel rail for your room.

**Heat output calculation guide**  
BTU (British Thermal Unit)

Measure the space in cubic metres  
(height x width x length) x 35.31 x 6 = BTU required

Large windows, external walls and flat roofs all contribute to higher heat loss and it is sensible to obtain professional advice for an accurate output requirement.

**All Tissino products are quality checked and carefully packaged prior to despatch.**

Due to our policy of continuous improvement, we reserve the right to amend specifications and designs without prior notice. All images are for illustrated purposes only and any colours / finishes featured in the brochure are as accurate as possible within the limits of the printing process.

Every product that carries our 'quality mark' is backed by our famous Tissino guarantee.

## Tissino keeps your glass clean and looking good

**Brillo Vetro is an effective, protective coating that comes as standard on every shower enclosure in the Tissino collection.**

Brillo Vetro is a micro-thin invisible coating that keeps your Tissino shower looking cleaner for longer.

Water and grime particles cling to untreated glass, but Brillo Vetro makes your Tissino shower enclosure, effectively, self-cleaning.

Brillo Vetro reduces the need for using cleaning products or other chemical-based sprays making it much more environmentally friendly.

This innovative technology creates a surface that water and grime are unable to adhere to, creating a lasting mark-free finish.

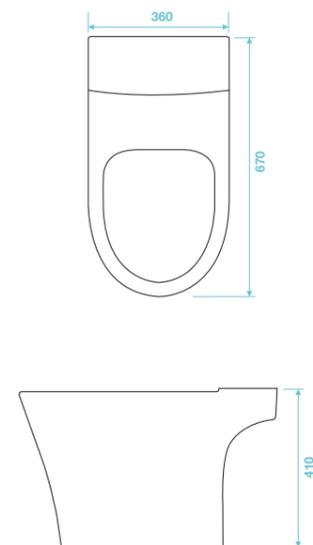

**Brillo Vetro keeps your Tissino shower glass as good as new, and at no extra cost to you.**
